# POLICY ON ADVANCED/FAST AND SLOW LEARNERS.

---

## **POLICY FRAMEWORK FOR SLOW AND FAST LEARNERS**

UIET has designed policy for slow and fast learners to evaluate the learning capability of the students in each course and to dispense proper guidance and assistance accordingly.

The policy aims to satisfy varying needs of slow and advanced learners timely so as to increase their competencies for successful life.

### **POLICY FOR IDENTIFICATION OF FAST AND SLOW LEARNERS**

The faculty members evaluate the learning level of each and every student on the basis of class tests called as sessional performance. Also classroom interaction, queries and observation further help the teachers to assess the level of the student.

#### **Criteria for identification of slow learners:**

The following aspects are taken into consideration for identifying a slow learner:

1. Sessional score less than 40%
2. Slow response time
3. Limited response to queries
4. Lack of motivation
5. No interest in studies
6. Not dealing with complicated problems.
7. Not able to grasp core concept and their applications.

Facilities provided to slow learners to eliminate their weakness:

1. Provision of easy and simple notes and course material
2. Basic needed facilities in department and library
3. Academic and personal counseling are given through Mentor-Mentee scheme
4. Arrangement of special lectures.
5. Remedial teaching
6. Individual Attention
7. Suitable teaching method
8. Assigning writing practice to clarify the ideas.
9. The students are provided with training on communication skills, personality development, time management and motivational sessions.
10. The support of the alumni is also effectively used to motivate and mentor the slow learners.

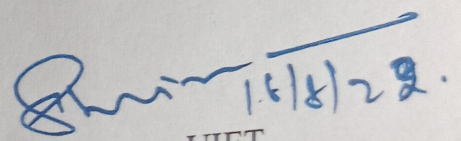

### Criteria for identification of advanced/fast learners:

The following aspects are taken into consideration for identifying a fast learner:

1. Sessional score more than 70%
2. Quick response
3. Quick grasping capability
4. Self directed
5. Self motivated
6. Strongly and confidently deals with complicated problems.
7. Great potential to retain core concepts and their applications in appropriate situations.

Facilities provided to nurture fast/ advanced learners with high level learning capacity:

1. Motivate the students to set and achieve higher goals.
2. Motivating the students to get involved in research projects and inspire them for research aptitude.
3. Provide guidance for competitive examinations.
4. Help in improving their soft skills like communication skills by participating in group discussions, technical quizzes, problem solving by critical thinking etc.
5. Inspire them to complete some latest certificate courses through various platforms like SWAYAM, NPTEL etc.
6. Provide needed basic facility in the department and library.
7. Encourage students to participate in intercollegiate competition at national and international levels.
8. Encouraging them to participate in National International Conferences and also to make presentations and even quality publications
9. Arranging guest lectures, Short term courses and workshops etc. for the students on recent topics.
10. Students are engaged in ICT enabled teaching learning and LMS with considerable responses.
11. Startups are offered to the advanced learners. Seed money can be offered to advanced learners to make their innovative proposals implemented.
12. The support of the alumni is also effectively used to motivate and mentor the fast/advanced learners.
